FIG. 2

A cross-sectional view of a multi-layered structure 30. The structure is bounded by a top layer 60 and a bottom layer 62, both indicated by hatched patterns. On the left, a vertical hatched layer 56 is shown. The central region contains a stack of alternating horizontal layers. These layers are labeled 64, 66, 68, and 58. Layer 64 is the leftmost vertical layer. Layer 66 is a thin horizontal layer. Layer 68 is a thicker horizontal layer. Layer 58 is a thin horizontal layer. The layers are stacked in a repeating pattern of 64, 66, 68, and 58.
